## SPRING-LOADED CONNECTORS

## GERIES 829 • . $100^{\text {" }}$ GRD RGII ANCIE MOUNI • SINGLE ROW SHRIPS

- Modular contacts for use on $.100^{\prime \prime}$ grid. Supplied in single row strips with mounting pegs for support
- Precision-machined piston / base and gold-plated components assure up to 1,000,000 cycle life durability
- Low resistance, high current contacts are rated at 2 amps continuous, 3 amps peak
- High temperature thermoplastic insulators are suitable for wave and reflow processes
- 829 series contact strips are designed for manual placement into $\varnothing .037^{\prime \prime} \pm .003^{\prime \prime}$ plated through-holes in the circuit board prior to wave or reflow soldering

ORDERING INFORMATION

| Single Row Series 829 |  |  |
| :---: | :---: | :---: |
| $829-22-0 \times X-20-00 \times 101$ |  |  |
| Specify number of contacts $01-20$ |  | Specify contact style 1 or 2 |
| CONTACT STYLE | INITIAL LENGTH A | MAX. STROKE B |
| 1 | .415 | .055 |
| 2 | .406 | .090 |

| Materials: $\quad$ Technical Specifications |
